Initial Review Process Flow Chart

Provide Completed Application.

1. Is the PCC on a Networked Secondary System? — **Yes** → **Supplemental Review**

No

2. Will Power be exported across the PCC? — **Yes** →

No

**3. Is the Interconnection Equipment Certified for Application, or
Does Interconnection Equipment have Interim EC Approval?** — **No** →

Yes

4. Is the aggregate DG Capacity on the Line Section less than 15% of Line Section peak load? — **No** →

Yes

5. Is the Starting Voltage Drop screen met? — **No** →

Yes

6. Is the DG Capacity 11 kVA or less? — **Yes** → — **Yes**

Yes

No

7. Is the Short Circuit Current Contribution Screen met? — **No** →

Yes

8. Is the Line Configuration Screen met? — **No** →

Yes

DG qualifies for Simplified Interconnection

Does supplemental review determine requirements?

Yes → *DG qualifies for Simplified Interconnection subject to supplemental requirements*

No → *EC provides cost estimate and schedule for Interconnection Study*
